

CENTRAL CABINS

The ultimate lightweight
and resilient mobile welfare cabin

Approved by the Vehicle
Certification Agency

Featuring

The Ultimate Lightweight,

Central Cabins part of **McInally Plant Hire**, provide specialist hire of uniquely designed mobile welfare units.

With an excellent reputation established over the past 11 years, **McInally Plant Hire** is recognised for customer service, providing a knowledgeable, personal and professional service in hiring construction and civil engineering machinery.

As well as specialist plant hire, we provide the perfect solution to portable welfare facilities. Our lightweight, anti-vandal welfare units are road towable with a compact design, making them easy to transport. Our units are designed to meet HSE welfare on-site standards.

Manufactured to the highest possible standards and designed with market leading features, our welfare units offer canteen, storage and toilet facilities and an integral generator/drying room.

Contact us today on **01324 815 055** or **07793 184 825** to discuss your hire requirements.

WELFARE 7
